Asalaamu Alaykum Crescent Families,

This is a reminder that Crescent is a nut free school. We have several students with severe allergies to different kinds of peanuts and tree nuts. Tree nuts include almonds, walnuts, pistachios, cashews, hazelnuts and Brazil nuts. Classrooms with children with severe allergies are clearly marked with signs on the door. It is imperative that students and staff in these classrooms take extra precaution.

Any food item with peanuts or tree nuts as an ingredient is **not** to be brought **on campus** for consumption by **students or staff**. Please read labels.

Some common foods that contain nuts include, but are not limited to:

1. peanut butter
2. Nutella or other brands of chocolate and hazelnut spread
3. nut butters
4. nutty crackers or cereal
5. trail mix
6. mixed nuts snack bags
7. baked goods made with nuts
8. granola bars with nuts

I am attaching a list of snacks and food items that are nut free to assist in helping you find nut free choices that are also healthy, real foods. (This list was found online and CAI does not endorse any name brand product mentioned.)

Thank you for your cooperation, care and concern. We only want to keep all of our students safe and healthy bi'ithnillah.

Jazkum Allahu Khayran,

Kareemah Abbas

Principal

Crescent Academy International
